

Alternative Low Carbon Fuels Project

Ciment St. Marys - McInnis Plant

Public Open House (September 18, 2026) - Comment Form

We welcome your comments on the proposed alternative low carbon fuels (ALCF) facility at the McInnis Plant. We are collecting this information to help inform the next steps and support ongoing dialogue throughout the project's development.

1. Do you have any comments about the proposed Project?

2. Do you have questions that you would like answered by the Project Team?

If you would like a response to any of your questions or connect with the Project Team, please leave your contact below and we will get back to you as soon as possible.
